

# HYPER BRIGHT FIXED PISTOL STOEGER STR-9 - MEPRO HYPER-BRIGHT PLUS STOEGER STR-9-YELLOW RING

Built upon decades of military innovation and service, Meprolight's tritium usage has remained the benchmark by which tritium illuminance has been measured. The Mepro HYPER-BRIGHT family of pistol sights are the standard by which all tritium pistol sights are measured. Meprolight utilizes a specially formulated manufacturing process giving you an industry-first brightness from broad daylight to no light and in everything in between.

The Mepro HYPER-BRIGHT fixed Day and Night Sights provide the most reliable illumination day or night. Mepro HYPER-BRIGHT fixed sights feature an extremely bright contrast colored ring for fast accurate target acquisition in the daytime. Both rear and front tritium sources will appear green during lowlight and no light scenarios providing the upmost confidence in their ability to make hits when it counts.

Premium Swiss-made tritium vials in the front and rear sights allow for low light and no light conditions. The U-notch on the rear sight naturally directs your eyes to the top of the front sight. Mepro HYPER-BRIGHT sight sets are engineered as a direct upgrade to your factory sights. They are designed to fit all holsters.

The Mepro HYPER-BRIGHT family is drop proof, shockproof, and built for endless abuse or anything you can throw at it. Their ultralight steel construction features a snag-free design making it easy to quickly draw your weapon. Knowing this gives confidence in any environment you may find yourself.

Lastly, our Mepro HYPER-BRIGHT sights require no batteries. They are always on, always ready, 24 hours a day, 7 days a week, 365 days a year. Tritium illuminance is guaranteed for 12 years. They are maintenance-free and can be installed directly with no modifications to your factory slide.

One final thought on the Mepro HYPER-BRIGHT family of sights... they are so bright it makes both eyes dominant.

# HYPER BRIGHT FIXED PISTOL SIGHT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Mepro HYPER BRIGHT Fixed Pistol Sight for your Stoeger STR9. This safety instruction guide provides essential information to ensure the safe and effective use of your product. Please read this document carefully before using your sights to understand the safety guidelines and operational procedures.

## General Safety Guidelines

- Ensure safe use of the Mepro HYPER BRIGHT sights by following these guidelines:
  - Always handle your firearm safely and responsibly.
  - Keep the sights and your firearm away from children and unauthorized users.
  - Regularly inspect your sights for damage or wear.
  - If you notice any defects or issues, discontinue use immediately and seek assistance.
- Be aware of the following potential hazards:
  - Improper installation may lead to malfunction or inaccurate targeting.
  - Using the sights in extreme conditions may affect performance.
  - Tritium illumination is safe; however, avoid damaging the vials as they contain a radioactive substance.
- Report any unsafe products or accidents to local authorities or the appropriate consumer safety agency.
- Check for recall updates on the EU Safety Gate platform to stay informed about product safety.

## Specific Safety Precautions for Use

- Always ensure your firearm is unloaded when installing or making adjustments to the sights.
- Use only compatible holsters designed for the Stoeger STR9 to ensure proper fit and function.
- Avoid exposing the sights to excessive force or impact, as this may compromise their integrity.
- Do not attempt to modify or repair the sights; contact a professional for assistance.
- Maintain a safe distance from others when using your firearm equipped with these sights.

## Instructions for Installation and Usage

### Installation Instructions

1. Ensure your firearm is unloaded and pointed in a safe direction.
2. Remove the existing sights from your Stoeger STR9 according to the manufacturer's instructions.
3. Align the Mepro HYPER BRIGHT sights with the mounting slots on your firearm.
4. Secure the sights in place using the appropriate tools, ensuring they are firmly attached.
5. Doublecheck that the sights are correctly aligned before using your firearm.

### Usage Instructions

- The Mepro HYPER BRIGHT sights are designed for both day and night use:
  - In daylight, the bright contrast colored ring aids in quick target acquisition.
  - In low light or no light conditions, the tritium sources will illuminate and provide visibility.
- Practice using the sights in a safe environment to become familiar with their operation.
- Regularly clean the sights with a soft, dry cloth to maintain clarity and performance.

## **Disposal Instructions**

- Dispose of the Mepro HYPER BRIGHT sights responsibly:
  - Follow local regulations for the disposal of electronic and hazardous waste.
  - Do not throw the sights in regular household waste.
  - If the sights are damaged, contact a professional for safe disposal options.

## **Contact Information for Further Support**

For any inquiries or support related to the Mepro HYPER BRIGHT sights, please reach out to the designated EU contact point for safety inquiries. They will provide you with the necessary assistance regarding product usage, safety, and compliance.

Thank you for prioritizing safety while using the Mepro HYPER BRIGHT Fixed Pistol Sight. Your attention to these guidelines ensures a safe and enjoyable experience.
