

# Full Length Die 7/8 - Full Length Die 5,45x39

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die 7/8 Full Length Die 5,45x39 Safety Instruction Guide

## Introduction

Thank you for choosing the Full Length Die 7/8 for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this manual carefully before using the die.

## General Safety Guidelines

- Always handle the die with care to avoid injury.
- Ensure that the die is used in accordance with the manufacturer's instructions.
- Keep the die out of reach of children and vulnerable individuals.
- Regularly inspect the die for signs of wear or damage before use.
- If you notice any defects or malfunctions, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Use only compatible cartridge cases with this die to prevent accidents.
- Wear appropriate safety gear, including safety glasses, when using the die.
- Ensure that the reloading press is securely mounted and stable before use.
- Do not exceed the recommended load specifications for your cartridges.
- Do not attempt to modify the die or its components in any way.
- Always follow proper reloading procedures to minimize risks.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is turned off and disconnected from any power source.
- Use the lock nut to securely attach the die to the press at the recommended height.
- Verify that the die is properly aligned with the ram of the press.

### 2. Calibration:

- Insert the cartridge case into the die, ensuring it is seated correctly.
- Push the cartridge case into the die until it reaches the calibrated position.
- The neck of the case will be calibrated from the inside as it is moved out of the die.

### 3. Replacing Components:

- If necessary, replace the expander or ejector pin by following the manufacturer's guidelines.
- Ensure all replacement components are compatible and securely installed.

### 4. PostUse Care:

- Clean the die after each use to prevent corrosion and maintain functionality.
- Store the die in a dry, secure location away from children and unauthorized users.

## Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.

- Do not dispose of the die in household waste. Instead, contact local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any inquiries regarding safety, usage, or replacement parts, please refer to the manufacturer's manual or contact the appropriate support channels.

Thank you for prioritizing safety while using the Full Length Die 7/8 Full Length Die 5,45x39. Your adherence to these guidelines helps ensure a safe reloading experience.
