

Full Length Die 7/8 - Full Length Die 22 Hornet

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Full Length Die 7/8 Full Length Die 22 Hornet

Introduction

Thank you for choosing the Full Length Die 7/8 Full Length Die 22 Hornet. This guide provides essential safety instructions and usage information to ensure the safe operation and maintenance of your die. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with the operation of the die and the reloading process before use.
- Always wear appropriate safety gear, including safety glasses, when handling reloading equipment.
- Keep the die and all related components out of reach of children and vulnerable individuals.
- Inspect the die for any damage before each use. Do not use if damaged.
- Store the die in a secure and dry location when not in use.

Specific Safety Precautions for Use

- Do not exceed the recommended load specifications for the cartridge case.
- Always work in a wellventilated area to avoid inhaling any fumes or dust.
- Use the die only for its intended purpose as specified in this guide.
- Do not force the cartridge case into the die; this may cause damage.
- Ensure that the die is securely mounted in the press before use.
- Be cautious when handling primers and other reloading components to avoid accidental ignition.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is clean and free of debris.
- Securely attach the Full Length Die to the reloading press using the provided lock nut.
- Adjust the die to the correct position for sizing the cartridge case.

2. Usage:

- Insert the cartridge case into the die.
- Pull the handle of the press down to size the cartridge case.
- Once the case is fully sized, remove it from the die.
- Check the neck tension to ensure it meets specifications.

3. Calibration:

- The die will calibrate the neck of the case from the inside as it is pushed out.
- Ensure that the die is properly calibrated to achieve the correct neck tension.

4. Maintenance:

- Regularly inspect the expander and ejector pin for wear. Replace them if necessary.
- Clean the die after use to prevent residue buildup.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Full Length Die 7/8 Full Length Die 22 Hornet, please refer to the product manual or contact the manufacturer for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the Full Length Die 7/8 Full Length Die 22 Hornet. Always prioritize safety and consult this guide whenever necessary. Thank you for your attention to these important guidelines.
