

# Full Length Die 7/8 - Full Length Die 224 Valkyrie

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die 7/8 Full Length Die 224 Valkyrie Safety Instruction Guide

## Introduction

Thank you for choosing the Full Length Die 7/8 Full Length Die 224 Valkyrie. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before using the die to understand the necessary precautions and procedures.

## General Safety Guidelines

- Ensure that you are familiar with the die and its components before use.
- Always use the die in a wellventilated area to avoid inhaling any particles.
- Keep the die and all its components out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use. If any components appear damaged, do not use the die.
- Follow all local regulations and safety standards when reloading ammunition.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the die.
- Ensure that the die is securely mounted in the press before use to prevent any accidents.
- Avoid placing your hands or any body parts near the moving parts of the die during operation.
- Do not exceed the recommended cartridge specifications when using the die.
- Keep your workspace clean and organized to prevent accidents and ensure efficient operation.

## Instructions for Installation and Usage

### 1. Installation:

- Securely attach the die to your reloading press using the provided lock nut.
- Ensure that the die is positioned correctly to achieve proper sizing of the cartridge case.
- Check that the expander and primer ejector pin are properly installed and functioning.

### 2. Usage:

- Insert the cartridge case into the die, ensuring it is pushed fully into the die.
- The neck of the case will be calibrated from the inside as it is moved out of the die, forming the cartridge case and achieving the correct neck tension.
- If necessary, replace any worn components such as the expander or ejector pin with minimal effort.
- After use, clean the die and store it in a safe location to prevent damage.

## Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local waste disposal regulations.
- Do not throw the die or any of its components into regular trash. Instead, check for recycling options or hazardous waste disposal facilities.

## **Contact Information for Further Support**

For any questions or concerns regarding the Full Length Die 7/8 Full Length Die 224 Valkyrie, please refer to the contact information provided in the product manual or packaging. You can also check for updates or recalls on the EU's Safety Gate platform to stay informed about any safety issues related to the product.

Thank you for taking the time to read this safety instruction guide. Your safety is our priority, and we appreciate your commitment to using our products responsibly.
