

# Full Length Die 7/8 - Full Length Die 6,5 PRC

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die 7/8 and Full Length Die 6.5 PRC Safety Instruction Guide

## Introduction

Thank you for choosing the Full Length Die 7/8 and Full Length Die 6.5 PRC. This guide provides essential safety instructions and usage information to ensure your experience is safe and effective. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always ensure that the die is used in compliance with the manufacturer's instructions.
- Inspect the die for any damage or wear before use. Do not use if damaged.
- Keep the die and all components out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the die is correctly installed in the press before use to prevent accidents.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, during operation.
- Avoid wearing loose clothing or accessories that could get caught in the machinery.
- Do not exceed the recommended load capacity of the die.
- Always follow proper handling techniques to avoid injury from sharp edges or moving parts.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your press is clean and free of debris before installation.
- Secure the die in the press by tightening the lock nut to the recommended torque.
- Confirm that the die is aligned properly with the press mechanism.

### 2. Usage:

- Insert the cartridge case into the die.
- Ensure that the expander and ejector pin are functioning correctly before starting the sizing process.
- Apply steady and even pressure to push the cartridge case into the die.
- Once the neck of the case is calibrated, remove it gently from the die.
- Inspect the case for proper neck tension and any signs of damage.

## Disposal Instructions

- Dispose of the die and any associated components in accordance with local waste disposal regulations.
- Do not dispose of the die in regular household waste if it is damaged or contains hazardous materials.
- Consider recycling options for metal components where applicable.

## Contact Information for Further Support

For any inquiries regarding safety, usage, or replacement parts, please refer to the manufacturer's contact

information provided with the product.
