

# Full Length Die 7/8 - Full Length Die 280 Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die 7/8 Safety Instructions

## Introduction

Thank you for choosing the Full Length Die 7/8 for your reloading needs. This product is designed to help you size cartridge cases efficiently and safely. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that all safety measures are followed during the use of the Full Length Die.
- Always use the die according to the manufacturer's instructions.
- Keep the die out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Improper use may lead to injury or damage.
  - Ensure that the die is securely mounted in the press before use.
- **Avoiding Hazards:**
  - Always wear safety glasses when operating the die to protect your eyes from debris.
  - Do not attempt to modify or repair the die yourself; contact a professional for assistance.
  - Ensure that your work area is clean and free from distractions.
- **AgeSpecific Warnings:**
  - This product is intended for use by adults only. Keep out of reach of children.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is compatible with the 7/8 thread size of the die.
- Securely attach the die to the press using the lock nut to prevent movement during operation.
- Check that the expander and primer ejector pin are properly installed.

### 2. Usage:

- Insert the cartridge case into the die and push it down to size the case.
- Monitor the neck tension during the sizing process to ensure it meets your specifications.
- If necessary, replace the expander and ejector pin with minimal effort.
- Follow the calibration instructions as the cartridge case is pushed into the die.

### 3. PostUsage Care:

- Clean the die after each use to prevent corrosion and ensure longevity.
- Store the die in a dry place, away from moisture and direct sunlight.

## **Disposal Instructions**

- Dispose of the Full Length Die in accordance with local regulations.
- Do not dispose of the die in regular household waste if it is damaged.
- Check with local authorities for specific disposal guidelines for metal products.

## **Contact Information for Further Support**

For any questions or concerns regarding the Full Length Die 7/8, please refer to the manual for assistance. Ensure that you have the article number available for easy reference when seeking support.

Thank you for your attention to these safety instructions. By following these guidelines, you can safely enjoy using your Full Length Die 7/8 and ensure a successful reloading experience.
