

Full Length Die 7/8 - Full Length Die 7,62x53 R

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 7/8 Safety Instruction Guide

Introduction

Thank you for choosing the Full Length Die 7/8 for your reloading needs. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this document carefully before using the die to familiarize yourself with its features and safety precautions.

General Safety Guidelines

- Ensure that all safety guidelines are followed to prevent accidents and injuries.
- Always use the die in a wellventilated area to avoid inhalation of any dust or debris.
- Keep the die and all reloading components out of reach of children and pets.
- Regularly inspect the die for any signs of wear or damage before each use.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, during reloading operations.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper use of the die can lead to misfires or accidents.
- The die may become hot during use; handle with care.
- Always ensure that the die is securely fastened to the press before operating.

- **Instructions for Avoiding Hazards:**

- Do not exceed the recommended load specifications.
- Never use damaged or worn components; replace them immediately.
- Follow the manufacturer's recommendations for cartridge case sizing to avoid oversizing or undersizing.
- Keep fingers and hands clear of moving parts during operation.

- **AgeSpecific Warnings:**

- This product is intended for use by adults only. Ensure that minors are supervised at all times if they are present during reloading activities.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted to a stable surface.
- Place the Full Length Die 7/8 into the press and tighten the lock nut to secure it in place.
- Adjust the die according to the manufacturer's specifications for your specific cartridge case.

2. Usage:

- Insert the cartridge case into the die, ensuring it is properly aligned.
- Pull the handle of the press to push the cartridge case into the die.
- The expander and ejector pin will function automatically during this process.
- After sizing, carefully remove the cartridge case from the die.

3. Calibration:

- Calibration occurs as the cartridge case is pushed into the die.
- The neck of the case is calibrated from the inside when it is moved out of the die, ensuring correct neck tension.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw the die in regular household waste. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Full Length Die 7/8, please refer to the manufacturer's manual or visit the manufacturer's website for additional resources.

By following these guidelines and instructions, you can ensure safe and effective use of the Full Length Die 7/8. Thank you for your attention to safety, and happy reloading!
