

Full Length Die 7/8 - Full Length Die 30-30 Win

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 7/8 for 3030 Win Safety Instructions

Introduction

Thank you for purchasing the Full Length Die 7/8 for 3030 Win. This guide provides essential safety instructions and usage guidelines to ensure a safe and effective reloading experience. Please read this manual thoroughly before using the product.

General Safety Guidelines

- Ensure that you are familiar with the reloading process and the safe handling of ammunition.
- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Keep the reloading area clean and organized to prevent accidents.
- Store the die and all reloading components out of reach of children and unauthorized persons.
- Regularly inspect the die for wear and damage before each use.
- Be aware of the potential hazards associated with reloading, including exposure to lead and other chemicals.

Specific Safety Precautions for Use

- Always follow the manufacturer's instructions for using the Full Length Die.
- Ensure the die is securely mounted in the press before use.
- Do not exceed recommended loads as specified in reputable reloading manuals.
- Avoid distractions while reloading to maintain focus and attention.
- If you encounter any difficulties or abnormalities during the reloading process, stop and assess the situation before proceeding.
- Dispose of any defective or damaged components properly.

Instructions for Installation and Usage

Installation

1. Secure the Die:

- Thread the die into the reloading press using the 7/8 inch thread.
- Use the lock nut to secure the die in place.

2. Check Alignment:

- Ensure that the die is aligned correctly with the press for proper operation.

3. Install the Expander:

- If needed, install the removable expander by following the manufacturer's instructions.

Usage

1. Prepare the Cartridge Case:

- Ensure the cartridge case is clean and free from debris.

2. Insert the Cartridge Case:

- Place the cartridge case into the die and push it down into the die for sizing.

3. Calibration:

- The neck of the case will be calibrated from the inside as it is moved out of the die, ensuring correct neck tension.

4. Remove the Cartridge Case:

- Carefully remove the sized cartridge case from the die.

5. Check for Proper Sizing:

- Inspect the cartridge case for proper sizing and neck tension.

Disposal Instructions

- Dispose of any defective or wornout components in accordance with local regulations.
- Do not throw the die or any reloading components in regular trash. Check with local waste management services for proper disposal methods.

Contact Information for Further Support

For any inquiries or further assistance regarding the Full Length Die, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

Following these safety instructions will help ensure a safe and effective reloading experience with the Full Length Die 7/8 for 3030 Win. Always prioritize safety and adhere to all guidelines to minimize risks associated with reloading ammunition.
