

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 222 Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRest Neck Die 222 Rem. This product is designed to provide precision and reliability in the reloading process. To ensure a safe and effective experience, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always read the instruction manual before using the product.
- Use the die only for its intended purpose as described in the manual.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Inspect the die and all components for damage before use. Do not use if damaged.
- Ensure that your workspace is clean, organized, and free from distractions.
- Wear appropriate personal protective equipment, such as safety glasses and gloves, when using the die.
- Follow all local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- Ensure that the die is securely attached to the reloading press before use.
- Use only compatible cartridge cases with the BenchRest Neck Die.
- Avoid overtightening the die, as this can cause damage to the die and press.
- Do not attempt to modify or alter the die in any way.
- Be cautious when handling primers and powder; store them in a cool, dry place and away from heat sources.
- Always check that the die is clean and free from debris before each use.
- If you experience any unusual resistance during the resizing process, stop immediately and inspect the die and cartridge case.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is properly set up and secured.
- Attach the BenchRest Neck Die to the press by screwing it into the 7/8 thread until it is snug.
- Confirm that the die is aligned and properly positioned for effective operation.

### 2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for damage.
- Insert the cartridge case into the guide sleeve of the die.
- Operate the reloading press to size the cartridge case, ensuring smooth and controlled movement.
- If using the optional expander or primer ejector pin, refer to the specific instructions included in the manual.
- After resizing, remove the cartridge case from the die and inspect it for proper sizing.

## Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not throw away reloading components in regular household waste.
- Contact your local waste management authorities for guidance on the safe disposal of hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the BenchRest Neck Die 222 Rem, please refer to the contact information provided in the product manual or on the manufacturer's website.

## **Conclusion**

Your safety is our priority. By following these guidelines and instructions, you can ensure a safe and effective reloading experience with the BenchRest Neck Die 222 Rem. Always remain vigilant and prioritize safety while reloading. Thank you for choosing our product.
