

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 6,5x57

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die Safety Instructions

## Introduction

Thank you for choosing the BenchRest Neck Die 7/8 for your reloading needs. This guide provides important safety information and instructions to ensure safe and effective use of the product. Please read this manual carefully before using the die.

## General Safety Guidelines

- Ensure that the BenchRest Neck Die is used only for its intended purpose, which is to resize cartridge cases.
- Always wear appropriate safety gear, including safety glasses, when using reloading equipment.
- Keep the work area clean and organized to prevent accidents and injuries.
- Store the die in a safe place, out of reach of children and pets.
- Regularly inspect the die for wear or damage. Do not use if it is damaged.
- Follow all local laws and regulations regarding ammunition reloading.

## Specific Safety Precautions for Use

- Only use this die with compatible cartridge cases as specified by the manufacturer.
- Ensure that the die is securely mounted to the reloading press before use.
- Do not exceed the recommended load specifications for the cartridge being reloaded.
- Be aware of the potential hazards associated with reloading, including the risk of accidental discharge.
- Keep all components of the reloading process, including powder and primers, away from heat sources and open flames.
- If you notice any unusual sounds or resistance during operation, stop immediately and inspect the die.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is clean and free of debris.
- Carefully screw the BenchRest Neck Die into the press until it is snug. Do not overtighten.
- If using the optional expander or primer ejector pin, install them according to the manufacturer's instructions.

### 2. Usage:

- Insert an empty cartridge case into the die.
- Operate the press handle smoothly to size the cartridge case. Do not force the handle.
- After sizing, remove the cartridge case and inspect it for any signs of damage or improper sizing.
- If using the expander, follow the specific instructions for its use to ensure proper resizing.

### 3. PostUsage:

- Clean the die after each use to prevent residue buildup.
- Store the die in its original packaging or a safe container to protect it from damage.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations regarding hazardous materials.
- Do not throw away the die in regular household waste. Check with local authorities for proper disposal.

methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRest Neck Die, please refer to the manufacturer's website or contact customer support through the provided channels in the product manual.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective reloading experience with the BenchRest Neck Die. Always prioritize safety and adhere to best practices while reloading. Thank you for choosing our product.
