

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 6,5x65 RWS

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRest Neck Die 7/8 for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully to understand how to operate the die safely and efficiently.

## General Safety Guidelines

- Always handle the BenchRest Neck Die with care.
- Ensure that the workspace is clean, welllit, and organized.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Keep the die out of reach of children and vulnerable individuals.
- Familiarize yourself with the product and its components before use.
- Do not use the die for any purpose other than its intended use.
- Regularly inspect the die for signs of wear or damage before each use.
- Follow all local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- Ensure that the die is securely mounted in the reloading press before use.
- Use only compatible cartridge cases as specified in the product description.
- Avoid overtightening the die in the press, as this may cause damage.
- Do not attempt to modify or alter the die in any way.
- Use the optional expander and primer ejector pin as instructed in the manual.
- Always keep hands and body parts clear of moving parts during operation.
- If you experience any unusual sounds or resistance during operation, stop immediately and inspect the die.
- Store the die in a safe, dry place when not in use.

## Instructions for Installation and Usage

### 1. Installation:

- Unpack the BenchRest Neck Die and inspect for any damage.
- Securely mount the die into your reloading press using the 7/8 thread.
- Ensure the die is aligned properly for accurate operation.

### 2. Usage:

- Prepare your cartridge cases according to the manufacturer's guidelines.
- Insert the cartridge case into the guide sleeve of the die.
- Follow the reloading process as detailed in your reloading manual.
- Use the optional expander and primer ejector pin as needed.
- After sizing, remove the cartridge case and inspect it for proper sizing.

### 3. PostUsage:

- Clean the die after each use to prevent residue buildup.
- Store the die in its original packaging or a designated storage container.

## **Disposal Instructions**

- Dispose of any damaged or worn parts in accordance with local regulations.
- Do not throw the die or its components in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For further assistance or inquiries regarding the BenchRest Neck Die, please refer to the manufacturer's contact details provided in the product manual. It is important to reach out for any safety concerns or questions about the product.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your BenchRest Neck Die. Always prioritize safety and consult the manual for any specific questions or concerns. Happy reloading!
