

Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 6,5-284 Norma

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRest Neck Die Safety Instructions

Introduction

Thank you for choosing the BenchRest Neck Die 7/8 for your reloading needs. This product is designed to provide precision and reliability in the reloading process. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always wear appropriate safety gear, including eye protection, when using the die.
- Keep the work area clean and organized to prevent accidents.
- Ensure that the die is used in accordance with the manufacturer's instructions.
- Be aware of your surroundings and ensure that no one else is in close proximity while using the die.
- Store the die in a safe place, out of reach of children and pets.
- Regularly inspect the die for signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding the use of reloading equipment.

Specific Safety Precautions for Use

- Ensure that the die is securely mounted before use to prevent movement during operation.
- Use only compatible cartridge cases with this die to avoid malfunction or accidents.
- Do not exceed the recommended load specifications for the cartridge you are reloading.
- Be cautious when handling primers and powder. Store them in a cool, dry place, away from heat sources.
- Always doublecheck your work before proceeding to the next step in the reloading process.
- If you experience any difficulties or malfunctions, stop using the die immediately and seek assistance.

Instructions for Installation and Usage

1. Installation:

- Securely mount the BenchRest Neck Die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is aligned properly to avoid misalignment during the sizing process.

2. Usage:

- Before starting, ensure that the work area is clean and that you have all necessary materials on hand.
- Insert the cartridge case into the guide sleeve of the die.
- Operate the reloading press smoothly and steadily to form the cartridge case.
- If using the optional expander or primer ejector pin, follow the specific instructions provided for those components.
- After use, clean the die to remove any residue or debris.

Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for local recycling programs or hazardous waste disposal facilities.

Contact Information for Further Support

For any questions or concerns regarding the BenchRest Neck Die, please refer to the manufacturer's manual or contact the manufacturer directly for support.

Remember to keep this safety instruction guide for future reference and ensure that all users of the die are aware of these safety guidelines. Thank you for prioritizing safety in your reloading activities.
