

Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 260 Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRest Neck Die 7/8 Safety Instruction Guide

Introduction

Thank you for choosing the BenchRest Neck Die 260 Rem. This reloading die is designed to provide precision and reliability for your reloading needs. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always wear appropriate safety gear, such as safety glasses, when reloading ammunition.
- Keep the work area clean and free from obstructions.
- Store the die in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- Use the die only with compatible cartridge cases to avoid accidents.
- Do not exceed the recommended load data for the cartridge you are reloading.
- Ensure that the reloading press is securely mounted and stable before operating.
- Avoid wearing loose clothing or jewelry that may get caught in the reloading equipment.
- Keep hands and other body parts clear of moving parts during operation.
- If you experience any unusual sounds or resistance while using the die, stop immediately and inspect the equipment.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is clean and free from debris.
- Screw the BenchRest Neck Die into the reloading press using the 7/8 thread.
- Tighten the die until it is secure, but do not overtighten.

2. Usage:

- Insert the cartridge case into the die.
- Use the reloading press to apply pressure and resize the cartridge case.
- If using the optional expander, follow the manufacturer's instructions for installation and use.
- After resizing, check the dimensions of the cartridge case to ensure proper sizing.
- Use the exchangeable primer ejector pin as needed to remove spent primers.

3. PostUse Care:

- After use, clean the die with a soft cloth to remove any residue.
- Store the die in a protective case or container to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Instead, take it to a designated recycling facility if available.
- Ensure that all components are disposed of in a manner that prevents harm to the environment.

Contact Information for Further Support

For any inquiries regarding safety, usage, or to report any issues, please contact the manufacturer or your local distributor. Ensure you have your product details and any relevant information ready for a quicker response.

Thank you for prioritizing safety and for choosing the BenchRest Neck Die 260 Rem for your reloading needs. Enjoy your reloading experience!
