

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 7x57

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die 7/8 Safety Instructions

## Introduction

Thank you for choosing the BenchRest Neck Die 7/8 for your reloading needs. This product is designed to provide precision and reliability in the reloading process. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always handle the BenchRest Neck Die with care to prevent injury or damage.
- Ensure that you are working in a wellventilated area to avoid inhaling any dust or particles generated during the reloading process.
- Keep the work area clean and organized to minimize the risk of accidents.
- Store the die in a safe place, out of reach of children and pets.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the die.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of explosion, burns, and lead exposure.

## Specific Safety Precautions for Use

- Before using the BenchRest Neck Die, inspect it for any signs of damage or wear. Do not use the die if it is damaged.
- Follow the manufacturer's instructions for the proper setup and use of the die.
- Use only compatible cartridge cases as specified by the manufacturer to avoid malfunction or accidents.
- Do not exceed the recommended load specifications when reloading ammunition.
- Keep all tools and components organized and within reach to prevent distractions during the reloading process.
- In case of any malfunction or unusual behavior during use, stop immediately and consult the manual for troubleshooting tips.

## Instructions for Installation and Usage

### 1. Set Up the Die:

- Securely attach the BenchRest Neck Die to your reloading press using the 7/8 thread.
- Ensure that the die is aligned properly for optimal performance.

### 2. Prepare the Cartridge Cases:

- Clean and inspect all cartridge cases before use.
- Ensure that the cases are free of dirt, debris, and damage.

### 3. Reloading Process:

- Insert the cartridge case into the die.
- Follow the manufacturer's instructions for using the interchangeable precision ground bushing and optional expander.
- Carefully operate the reloading press to size the cartridge case, ensuring that it is aligned correctly throughout the process.

### 4. PostUsage:

- Remove the finished cartridge case from the die.
- Clean the die according to the manufacturer's recommendations to maintain its precision and longevity.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of reloading materials or components in regular household waste.
- Check local guidelines for proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or assistance regarding the BenchRest Neck Die, please refer to the manufacturer's contact information provided in the product manual. It is important to have access to support for any questions or concerns you may have.

By following these safety instructions, you can ensure a safe and effective reloading experience with the BenchRest Neck Die 7/8. Thank you for prioritizing safety in your reloading practices.
