

Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 7x75 R SE v.H

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRest Neck Die Safety Instruction Guide

Introduction

Thank you for choosing the BenchRest Neck Die 7/8 BenchRest Neck Die 7x75 R SE v.H. This guide provides essential safety instructions to ensure the safe and effective use of the product. It complies with the EU General Product Safety Regulation (GPSR) and aims to protect your safety while reloading.

General Safety Guidelines

- Ensure that the BenchRest Neck Die is used only for its intended purpose.
- Always read and understand the instructions before using the die.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of damage or wear.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves during reloading.
- Report any unsafe products or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from improper handling of the die.
- Risk of damage to the cartridge case if not used correctly.
- Potential for accidents if the die is used without proper safety precautions.

- **Avoiding Hazards:**

- Always ensure that the die is securely mounted before use.
- Do not exceed the recommended specifications for cartridge cases.
- Follow the manufacturer's instructions for proper sizing and reloading procedures.
- Keep your workspace clean and organized to prevent accidents.

- **AudienceSpecific Warnings:**

- This product is not intended for use by children. Adult supervision is required when used in the presence of minors.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the 7/8 thread size of the die.
- Securely attach the BenchRest Neck Die to the reloading press, ensuring that it is tightened properly to avoid movement during use.

2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for damage.
- Insert the cartridge case into the guide sleeve of the die.
- Adjust the die as necessary to ensure proper alignment with the cartridge case.
- Operate the reloading press to size the cartridge case, following the manufacturer's guidelines.
- If using the optional expander or primer ejector pin, ensure that they are correctly installed before use.

3. **PostUsage:**

- After use, clean the die and store it in a safe place to prevent damage and ensure longevity.
- Regularly check the die for wear and replace components as necessary.

Disposal Instructions

- Dispose of any damaged or worn components of the BenchRest Neck Die in accordance with local regulations for hazardous waste.
- Ensure that all materials are disposed of safely and responsibly to prevent environmental harm.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact information provided with the product packaging or in the manual. It is essential to have a local EUbased contact for any safety inquiries related to this product.

Thank you for prioritizing safety while using the BenchRest Neck Die. Following these guidelines will help ensure a safe and effective reloading experience.
