

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 7,5x55 GP11

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die 7/8 Safety Instructions

## Introduction

Thank you for choosing the BenchRest Neck Die 7/8. This product is designed for precision reloading of cartridge cases. Please read this safety instruction guide carefully to ensure safe and effective use of the die. Following these guidelines will help you avoid potential hazards and ensure a safe reloading experience.

## General Safety Guidelines

- Always read the manufacturer's instructions before using the product.
- Ensure that the workspace is clean, welllit, and free from distractions.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Keep the reloading area secure and out of reach of children and pets.
- Store the die and all reloading components in a safe, dry place when not in use.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the die is compatible with the specific cartridge case you are using (7.5x55 GP11).
- Inspect the die for any signs of damage or wear before each use.
- Do not modify the die or use it for purposes other than intended.
- Always follow the recommended procedures for reloading to avoid overloading or underloading cartridges.
- Use the die only with the appropriate tools and accessories as specified by the manufacturer.
- Be cautious of hot surfaces and materials during the reloading process.

## Instructions for Installation and Usage

### 1. Installation:

- Securely attach the BenchRest Neck Die to the reloading press by threading it into place (7/8 thread).
- Ensure that the die is tightly secured to prevent movement during operation.

### 2. Usage:

- Prepare the cartridge case by cleaning and inspecting it for damage.
- Insert the cartridge case into the die, ensuring it is properly aligned.
- If using the optional expander, attach it according to the manufacturer's instructions.
- Operate the reloading press smoothly to resize the cartridge case, ensuring that the guide sleeve aligns correctly.
- After resizing, check the cartridge case for proper dimensions and fit.
- Remove the resized cartridge case from the die and store it appropriately.

### 3. Maintenance:

- Clean the die regularly to remove any debris or residue.
- Store the die in a protective case to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Follow local guidelines for the disposal of hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRest Neck Die 7/8, please refer to the manufacturer's manual or contact the manufacturer directly for assistance.

Thank you for prioritizing safety while using the BenchRest Neck Die 7/8. Your attention to these guidelines will contribute to a safe and enjoyable reloading experience.
