

Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 300 H&H Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRest Neck Die 300 H&H Mag Safety Instructions

Introduction

Thank you for choosing the BenchRest Neck Die 300 H&H Mag. This product is designed to provide precision and ease of use for reloading cartridges. To ensure your safety and the optimal performance of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure a clean and welllit workspace when using the die.
- Wear appropriate safety gear, including safety glasses, to protect against potential debris.
- Keep the die and all related components out of reach of children and pets.
- Regularly inspect the product for any signs of wear or damage before use.
- Do not use the die for purposes other than its intended use.

Specific Safety Precautions for Use

- Ensure that the cartridge case is free of obstructions before inserting it into the die.
- Use the correct size bushing for your cartridge to avoid improper sizing.
- Avoid excessive force when operating the die to prevent damage or injury.
- Always follow the manufacturer's recommendations for reloading procedures.
- Be aware of the potential hazards associated with reloading, including the handling of primers and powder.
- If you experience any issues during the reloading process, stop and consult the manual or seek assistance.

Instructions for Installation and Usage

1. Installation

- Securely mount the die in your reloading press according to the manufacturer's instructions.
- Ensure the die is tightened and properly aligned with the press.
- Insert the appropriate bushing into the die as per your cartridge specifications.

2. Usage

- Begin by preparing your cartridge cases by cleaning and inspecting them.
- Insert the cartridge case into the die until it is fully seated.
- Operate the press handle smoothly to size the cartridge case.
- If using the optional expander, follow the specific instructions provided for its use.
- After sizing, remove the cartridge case and inspect it for proper sizing.

Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of hazardous materials, such as primers or powder, in regular waste. Follow local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any questions or concerns regarding the BenchRest Neck Die 300 H&H Mag, please refer to the manufacturer's manual for detailed instructions and support resources.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the BenchRest Neck Die 300 H&H Mag. Always prioritize safety and consult the manual for any uncertainties. Thank you for your commitment to safe reloading practices.
