

Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 8x56 Mannl.-Sch.

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

AVAILABLE

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Attributes

- Name: [Bench-Rest Neck Die 8x56 Mannl.-Sch.](#)

BenchRest Neck Die 7/8 Safety Instruction Guide

Introduction

Thank you for choosing the BenchRest Neck Die 7/8 for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. By following these instructions, you can minimize risks and enhance your reloading experience.

General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Keep this guide accessible for future reference.
- Ensure that the workspace is clean, welllit, and free from distractions.
- Use the product only for its intended purpose as described in this guide.
- Store the die and all reloading components out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of damage or wear before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when reloading.
- Ensure that the reloading area is wellventilated to avoid inhaling any fumes.
- Do not exceed the recommended load limits for the cartridge cases being used.
- Keep the work area free of flammable materials and substances.
- Be cautious when handling primers and powders; follow all safety guidelines provided by manufacturers.
- Never leave the reloading process unattended.
- In case of an accident or injury, seek medical attention immediately.

Instructions for Installation and Usage

Installation

1. Clean the die and ensure all components are free from debris.
2. Securely attach the die to your reloading press using the provided thread (7/8).
3. Ensure that the die is aligned properly to maintain axial alignment during the sizing process.

Usage

1. Preparation:

- Inspect cartridge cases for any damage or defects before resizing.
- Lubricate the cases if required, following the manufacturer's recommendations.

2. Sizing Process:

- Insert the cartridge case into the guide sleeve of the die.
- Use the press to apply even pressure until the case is fully sized.
- If using the optional expander, follow the manufacturer's instructions for proper installation and usage.

3. Finishing:

- Remove the resized cartridge case carefully from the die.
- Inspect the resized case for consistency and quality.

- Store the resized cases in a safe and organized manner.

Disposal Instructions

- Dispose of any unused or damaged reloading components according to local regulations.
- Follow guidelines for hazardous waste disposal for primers and powders.
- Ensure that all components are disposed of in a manner that does not pose a risk to the environment or public safety.

Contact Information for Further Support

For any questions or concerns regarding the BenchRest Neck Die 7/8, please consult the manual or contact your retailer for assistance. Always ensure that you have the necessary support and information to use the product safely.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and successful reloading experience.
