

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 8x60 S

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRest Neck Die 7/8 for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of the product. It is crucial to follow these guidelines to minimize risks and ensure optimal performance.

## General Safety Guidelines

- Ensure that the BenchRest Neck Die is used only for its intended purpose.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Keep the work area clean and organized to prevent accidents.
- Store the die and all reloading components out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Do not attempt to modify the die or use it in a manner not specified by the manufacturer.

## Specific Safety Precautions for Use

- Always read and understand the reloading manual before using the die.
- Ensure that the reloading press is securely mounted and stable before use.
- Use the correct caliber and specifications for your reloading needs.
- Avoid distractions while reloading to maintain focus on the task at hand.
- Be aware of the potential hazards associated with handling and processing ammunition components.
- If you notice any unusual noises or resistance while using the die, stop immediately and inspect for issues.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the reloading press is powered off and unplugged before installation.
- Attach the BenchRest Neck Die to the reloading press using the provided thread (7/8) securely.
- Check that the die is properly aligned and tightened before proceeding.

### 2. Usage:

- Prepare the cartridge case by cleaning and inspecting it for damage.
- Insert the cartridge case into the guide sleeve of the die.
- Follow the reloading manual's instructions for adjusting the die settings, including the optional expander and primer ejector pin.
- Apply consistent pressure to the reloading press handle to size the cartridge case.
- After sizing, remove the cartridge case and inspect it for proper dimensions.

## Disposal Instructions

- Dispose of any damaged or worn reloading components in accordance with local regulations.
- Recycle metal parts where applicable to minimize environmental impact.
- Do not dispose of hazardous materials in regular waste.

## Contact Information for Further Support

For any questions, concerns, or support regarding the BenchRest Neck Die, please refer to the manufacturer's

manual or website. Ensure that you have the product's article number ready for efficient assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with the BenchRest Neck Die. Always prioritize safety to protect yourself and others while enjoying your reloading activities.
