

Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 8x65 RS

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRest Neck Die Safety Instructions

Introduction

Thank you for choosing the BenchRest Neck Die 8x65 RS. This product is designed to provide precise and reliable reloading for your ammunition needs. It is essential to follow safety guidelines and instructions to ensure safe usage and optimal performance.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the work area is clean, dry, and welllit.
- Use the product only for its intended purpose as specified in this manual.
- Keep the product out of reach of children and unauthorized users.
- Wear appropriate safety gear, such as safety glasses and gloves, while using the die.
- Regularly inspect the die for any signs of wear or damage before use.
- Do not modify the die in any way; alterations can compromise safety and effectiveness.
- In case of an accident or injury, seek medical attention immediately.

Specific Safety Precautions for Use

- Ensure that the cartridge case is properly aligned in the die before beginning the sizing process.
- Do not force the cartridge case into the die; this can cause damage to the die or the case.
- Use only the recommended bushing size for your specific cartridge case to avoid improper sizing.
- Always check for proper functioning of the expander and primer ejector pin before use.
- Avoid using the die if you notice any unusual sounds or resistance during operation.
- Store the die in a safe, dry place when not in use to prevent rust and damage.

Instructions for Installation and Usage

1. Installation:

- Begin by ensuring that your reloading press is clean and properly set up.
- Screw the BenchRest Neck Die into the reloading press using the 7/8 thread.
- Tighten securely, but do not overtighten, as this may cause damage to the die or press.

2. Usage:

- Prepare your cartridge cases by cleaning them thoroughly.
- Select the appropriate bushing for your cartridge case and install it into the die.
- Insert the cartridge case into the die, ensuring proper alignment.
- Slowly pull the handle of the reloading press to size the cartridge case.
- If using the optional expander, follow the manufacturer's instructions for its use.
- After sizing, check the dimensions of the cartridge case to ensure proper sizing has occurred.
- Eject the primer pin as needed and dispose of old primers safely.

Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not throw away the die or its components in regular household waste.
- Consider recycling metal parts where possible to minimize environmental impact.

Contact Information for Further Support

For further assistance, please refer to the product manual or contact your retailer for support. Remember to keep your purchase receipt for warranty purposes.

By adhering to these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your BenchRest Neck Die 8x65 RS. Thank you for your attention to safety and proper usage.
