

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 338 RCM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRest Neck Die 338 RCM. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this guide carefully before using the BenchRest Neck Die to prevent accidents and ensure optimal performance.

## General Safety Guidelines

- Ensure that the product is used in accordance with all local laws and regulations regarding reloading equipment.
- Store the BenchRest Neck Die in a dry, cool place, away from direct sunlight and moisture.
- Keep the die and all related tools out of reach of children and unauthorized users.
- Always use personal protective equipment (PPE) such as safety glasses and gloves when reloading ammunition.
- Regularly inspect the BenchRest Neck Die for wear and damage. Do not use if damaged.

## Specific Safety Precautions for Use

- Always follow the manufacturer's instructions when using the BenchRest Neck Die.
- Ensure that the die is securely mounted in the reloading press before use.
- Use only the recommended cartridge cases for this die to avoid malfunctions.
- Do not exceed the recommended load limits for the cartridges being reloaded.
- Avoid distractions while reloading to maintain focus and precision.
- Do not attempt to modify the BenchRest Neck Die or use it for any purpose other than intended.

## Instructions for Installation and Usage

### 1. Installation:

- Clean the reloading press and ensure it is free from debris.
- Screw the BenchRest Neck Die into the reloading press using the 7/8 thread.
- Tighten securely but do not overtighten, as this may damage the threads.

### 2. Usage:

- Prepare the cartridge cases by cleaning and inspecting them for defects.
- Insert the cartridge case into the die and ensure it is properly aligned.
- Pull the handle of the reloading press smoothly to resize the cartridge case.
- If using an optional expander or primer ejector pin, follow the specific instructions for those components.
- After resizing, inspect the cartridge case to ensure it meets specifications.

### 3. PostUsage:

- Clean the BenchRest Neck Die after each use to prevent buildup of residues.
- Store the die in its original packaging or a suitable container to protect it from damage.

## Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations for hazardous waste.
- Do not throw the BenchRest Neck Die or any related materials in regular trash if they are deemed unsafe.

- Consider recycling options for metal components where applicable.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the BenchRest Neck Die, please refer to the product manual or contact the manufacturer directly. Ensure to have the product's article number ready for reference.

## **Conclusion**

By adhering to these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the BenchRest Neck Die 338 RCM. Always prioritize safety and seek assistance if you are uncertain about any aspect of using this product.
