

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 9,3x74 R

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRest Neck Die 7/8 for your reloading needs. This product has been designed with safety and precision in mind. To ensure safe and effective use, please read this safety instruction guide carefully before using the product.

## General Safety Guidelines

- Always use the BenchRest Neck Die in accordance with the manufacturer's instructions.
- Ensure that your workspace is clean and organized to avoid accidents.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the die for wear or damage before each use.
- If you notice any defects, do not use the product until it has been repaired or replaced.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the BenchRest Neck Die with compatible cartridge cases to prevent malfunctions.
- Ensure that the die is securely mounted to the reloading press before use.
- Avoid overtightening the die, as this may cause damage or misalignment.
- Do not attempt to modify the die or its components in any way.
- Keep hands and clothing clear of moving parts during operation.
- Always follow the recommended sizing procedures to avoid damaging the cartridge case.
- If you experience any unusual resistance or difficulty during the resizing process, stop immediately and inspect the die and cartridge case.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the reloading press is turned off and unplugged before installation.
- Select the appropriate bushing for your cartridge case and insert it into the die.
- Thread the die into the reloading press using the 7/8 inch thread.
- Tighten the die securely, but do not overtighten.
- Adjust the die height according to the manufacturer's guidelines to ensure proper alignment.

### 2. Usage

- Prepare the cartridge case by cleaning and inspecting it for any damage.
- Insert the cartridge case into the guide sleeve of the die.
- Operate the reloading press slowly and steadily to size the cartridge case.
- If using an expander or primer ejector pin, follow the specific instructions provided in the manual for those components.
- After resizing, remove the cartridge case from the die and inspect it for proper sizing.

## Disposal Instructions

- Dispose of any defective or damaged components in accordance with local regulations.
- Do not dispose of reloading components in regular household waste.

- Check with local waste management authorities for proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRest Neck Die, please refer to the product manual or contact the manufacturer directly for assistance.

Thank you for your attention to these safety guidelines. Your safety is our priority, and by following these instructions, you can ensure a safe and successful reloading experience.
