

Seater with Crimp 7/8 - Seater with Crimp 4,6x30

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for the Seater with Crimp 7/8

Introduction

Thank you for choosing the Seater with Crimp 7/8. This product is designed to assist in the precise seating of bullets for reloading ammunition. To ensure your safety and the optimal performance of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that all users are familiar with the operation and safety features of the Seater with Crimp 7/8.
- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using this product.
- Do not exceed the recommended specifications for bullet seating and crimping.
- Ensure that the workspace is clean and free from obstructions before using the product.
- Avoid using damaged or worn components; replace them immediately.
- Be cautious of hot surfaces and materials during and after use.
- Ensure that all tools and accessories used with the Seater with Crimp 7/8 are compatible and in good condition.

Instructions for Installation and Usage

1. Installation:

- Securely attach the Seater with Crimp 7/8 to your reloading press according to the manufacturer's specifications.
- Ensure that the thread (7/8) is properly aligned and tightened to prevent movement during operation.

2. Usage:

- Insert the bullet into the guide bushing of the seater.
- Adjust the seaterhead as necessary for the bullet type being used.
- If crimping is required, ensure the crimping option is engaged before proceeding.
- Apply steady pressure to seat the bullet to the desired depth.
- After use, clean the product to remove any debris or residue.

Disposal Instructions

- Dispose of the Seater with Crimp 7/8 in accordance with local regulations regarding electronic and mechanical waste.
- Do not dispose of the product in regular household waste.
- Consider recycling parts where possible to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding the Seater with Crimp 7/8, please refer to the manufacturer's contact information provided in the product manual or packaging. Ensure you have the product details ready for a more efficient response.

By adhering to these safety guidelines and instructions, you can ensure safe and effective use of the Seater with Crimp 7/8. Thank you for prioritizing safety in your reloading activities.
