

Seater with Crimp 7/8 - Seater with Crimp 5,6x57

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 7/8 and 5,6x57

Introduction

Welcome to the safety instruction guide for the Seater with Crimp 7/8 and 5,6x57. This guide is designed to provide you with essential safety information and instructions for the proper use of this product. Please read this guide carefully to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product documentation.
- Always handle the product with care to prevent accidents or injuries.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding the use of reloading equipment.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the Seater with Crimp.
- Ensure that the work area is clean and free of obstructions before using the product.
- Do not exceed the recommended load specifications for the bullets and cartridges.
- Make sure the bullet is properly aligned in the guide bushing before seating.
- Avoid overcrimping the cartridge, as this can cause damage or unsafe conditions.
- Keep hands and other body parts clear of the seating area during operation.
- Do not leave the product unattended while in use.

Instructions for Installation and Usage

1. Installation

- Ensure that the reloading press is securely mounted and stable.
- Attach the Seater with Crimp to the reloading press using the provided thread (7/8).
- Confirm that the seaterhead is properly installed and securely fastened.

2. Usage

- Prepare the cartridge case and bullet according to the manufacturer's specifications.
- Place the cartridge case in the reloading press.
- Insert the bullet into the guide bushing of the Seater with Crimp.
- Slowly and steadily operate the reloading press to seat the bullet into the cartridge case.
- If crimping is desired, adjust the seaterhead to apply the crimp as required.
- After seating, inspect the cartridge to ensure proper alignment and crimping.
- Store the Seater with Crimp in a dry and safe location when not in use.

Disposal Instructions

- Dispose of any damaged or unusable parts in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local waste management authorities for proper recycling or disposal methods.

Contact Information for Further Support

For any inquiries, please contact the manufacturer or refer to the product manual for assistance. Ensure you have the product details available for a quicker response.

Thank you for choosing the Seater with Crimp 7/8 and 5,6x57. By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience.
