

# Seater with Crimp 7/8 - Seater with Crimp 22 Hornet

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Seater with Crimp 7/8 Seater with Crimp 22 Hornet Safety Instruction Guide

## Introduction

Thank you for choosing the Seater with Crimp 7/8 Seater with Crimp 22 Hornet. This guide provides important safety instructions and usage information to ensure your safety and the efficient operation of this product. It is essential to read and understand these instructions before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- If you suspect the product is damaged or malfunctioning, discontinue use immediately and seek assistance.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always handle ammunition and reloading components with care.
- Ensure that the workspace is clean and free of any distractions while using the product.
- Follow the manufacturer's recommendations for bullet types and seating depths.
- Use the crimp feature only when necessary and ensure proper adjustment to avoid overcrimping.
- Never exceed the recommended load specifications for your ammunition.
- Be aware of the potential hazards associated with reloading, including the risk of accidental discharge or explosion.
- Store the product in a dry place, away from moisture and extreme temperatures.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the reloading press is securely mounted and stable.
- Attach the Seater with Crimp to the reloading press using the provided threading (7/8).
- Confirm that the seaterhead is properly installed and securely fastened.

### 2. Usage:

- Prepare your cartridge cases and ensure they are clean and free of obstructions.
- Select the appropriate seaterhead for the bullet type you are using.
- Adjust the seating depth according to the specifications for your ammunition.
- If using the crimp feature, adjust the crimping mechanism to the desired level.
- Insert the bullet into the case and activate the reloading press to seat the bullet.
- Inspect the seated bullet to ensure it is seated correctly and securely.

### 3. Postusage:

- Clean the product after use to maintain its performance and longevity.
- Store the product in a safe location, ensuring it is out of reach of children.

## **Disposal Instructions**

When disposing of the Seater with Crimp, follow these guidelines:

- Check local regulations regarding the disposal of reloading equipment and materials.
- If the product is no longer functional or safe to use, dispose of it responsibly at a designated waste facility.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the Seater with Crimp 7/8 Seater with Crimp 22 Hornet, please refer to the manufacturer's manual or contact your local distributor for assistance.

Thank you for prioritizing safety and following these guidelines to ensure a safe and effective reloading experience.
