

# Seater with Crimp 7/8 - Seater with Crimp 222 Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 7/8 Seater with Crimp 222 Rem

## Introduction

Thank you for choosing the Seater with Crimp 7/8 Seater with Crimp 222 Rem. This product is designed to provide you with a reliable tool for bullet seating and crimping. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always follow the manufacturer's instructions for use and maintenance.
- Ensure that the product is used in a safe environment, free of distractions and hazards.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that you are using the correct seater head for the bullet type to improve accuracy and concentricity.
- Avoid wearing loose clothing or jewelry that may get caught in the equipment during operation.
- Always wear appropriate safety gear, such as safety glasses, to protect your eyes from debris.
- Do not exceed the recommended load limits for the product.
- Be aware of your surroundings and ensure that no one is in close proximity when operating the product.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the work area is clean and welllit.
- Securely attach the Seater with Crimp to a stable reloading press according to the manufacturer's instructions.
- Replace the seater head as needed, ensuring it is properly secured before use.

### 2. Usage:

- Place the cartridge case into the reloading press.
- Position the bullet above the cartridge case in alignment with the seater head.
- Slowly and steadily operate the press to seat the bullet into the cartridge case.
- If crimping is desired, adjust the seater head to apply the appropriate crimp to the mouth of the cartridge case.
- Inspect the finished cartridge for proper seating and crimping.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Ensure that all materials are disposed of safely to prevent environmental harm.
- Do not dispose of the product in household waste; check for recycling options or designated disposal sites.

## **Contact Information for Further Support**

For any questions or concerns regarding the Seater with Crimp 7/8 Seater with Crimp 222 Rem, please refer to the manufacturer's manual or contact the manufacturer directly for assistance.

This safety instruction guide complies with the EU General Product Safety Regulation (GPSR) and aims to ensure the safe use of the Seater with Crimp 7/8 Seater with Crimp 222 Rem. Your safety is our priority.
