

Seater with Crimp 7/8 - Seater with Crimp 224 Valkyrie

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 7/8 Seater with Crimp 224 Valkyrie

Introduction

Thank you for choosing the Seater with Crimp 7/8 Seater with Crimp 224 Valkyrie. This product is designed for safely seating bullets in cartridge cases while providing the option to crimp. Please read this safety instruction guide carefully to ensure safe usage and compliance with EU safety regulations.

General Safety Guidelines

- Ensure that the product is used in accordance with local laws and regulations.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling ammunition and reloading equipment.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use only compatible bullet types with the Seater to ensure optimal performance and safety.
- Do not exceed recommended load limits specified in the bullet manufacturer's guidelines.
- Always ensure that the cartridge case is securely positioned in the seater before applying force.
- Avoid placing hands or body parts near moving parts during operation.
- If the seater does not function as expected, cease use immediately and consult the manual for troubleshooting.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that your workspace is clean and free from distractions.
2. **Mounting:** Securely mount the Seater to a stable reloading bench using appropriate fasteners. Ensure it is level and firmly attached.
3. **SeaterHead Replacement:** If you wish to change the seaterhead:
 - Unscrew the existing seaterhead using the appropriate tool.
 - Replace it with the desired seaterhead and tighten securely.

Usage

1. **Loading the Cartridge:**
 - Insert the cartridge case into the guide bushing of the seater.
 - Ensure that the bullet is correctly aligned with the mouth of the cartridge case.
2. **Seating the Bullet:**
 - Slowly pull the handle to seat the bullet into the cartridge case.
 - If crimping is desired, adjust the seater to engage the crimping feature.
3. **Final Check:**
 - Inspect the completed cartridge for proper bullet seating and crimping.
 - Store completed cartridges in a safe and secure location.

Disposal Instructions

- Dispose of the product in accordance with local waste management regulations.
- Do not dispose of ammunition or related materials in regular household waste.
- Contact local authorities for guidance on the safe disposal of hazardous materials.

Contact Information for Further Support

For any inquiries regarding the Seater with Crimp 7/8 Seater with Crimp 224 Valkyrie, please refer to the manufacturer's manual or website for additional support and resources.

By following these safety instructions, you can ensure a safe and effective experience with your Seater with Crimp 7/8 Seater with Crimp 224 Valkyrie. Thank you for prioritizing safety while enjoying your reloading activities.
