

Seater with Crimp 7/8 - Seater with Crimp 6mm Dasher

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 7/8 and 6mm Dasher

Introduction

Thank you for choosing the Seater with Crimp 7/8 and 6mm Dasher. This guide provides important safety information and instructions for the proper use of this product. Please read this manual carefully to ensure safe operation and to maximize your experience with the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the Seater with Crimp by following all instructions. This product is designed for nonfood use and adheres to EU safety regulations.
- **Enhanced Recalls:** Stay informed about any product recalls. If a recall occurs, you will be notified with standardized notices and offered remedies.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements similar to physical stores.
- **Special Consumer Focus:** Extra precautions are in place for vulnerable groups. Keep this product out of reach of children.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point.
- **Rapid Alerts:** Stay updated on product safety via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Read All Instructions:** Before using the Seater, read all instructions and safety guidelines provided in this manual.
- **Proper Use:** Use the Seater only for its intended purpose. Misuse may result in injury or damage.
- **Inspect Before Use:** Check the Seater for any damage or wear before each use. Do not use if damaged.
- **Protective Gear:** Always wear appropriate protective gear, such as safety glasses, when using the Seater.
- **Work Environment:** Ensure that your work area is clean, dry, and well-lit to prevent accidents.
- **Keep Away from Children:** Store the Seater in a secure location out of reach of children and pets.

Instructions for Installation and Usage

1. Installation:

- Ensure the Seater is compatible with your reloading equipment.
- Securely attach the Seater to the reloading press following the manufacturer's instructions.
- Verify that the seaterhead is properly installed and tightened.

2. Usage:

- Place the cartridge case in the reloading press.
- Insert the bullet into the case mouth.
- Adjust the seaterhead to the desired depth for bullet seating.
- Operate the reloading press to seat the bullet firmly into the cartridge case.
- If crimping is required, adjust the settings accordingly to crimp the mouth of the cartridge case.

3. Maintenance:

- Regularly clean the Seater to remove any debris or residue.
- Inspect the seaterhead for wear and replace if necessary.

- Store the Seater in a dry place to prevent corrosion.

Disposal Instructions

- Dispose of the Seater responsibly at the end of its life cycle.
- Follow local regulations for the disposal of metal and plastic products.
- Do not dispose of in household waste. Check for recycling options in your area.

Contact Information for Further Support

For any questions or concerns regarding the Seater with Crimp, please refer to the manufacturer's contact details provided in the product packaging or on the manufacturer's website.

By following these guidelines, you can ensure a safe and effective experience with your Seater with Crimp 7/8 and 6mm Dasher. Thank you for your attention to safety.
