Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

NO IMAGE  
AVAILABLE

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 7/8 Seater with Crimp 2506 Rem

## Introduction

Thank you for choosing the Seater with Crimp 7/8 Seater with Crimp 2506 Rem. This product is designed to provide you with precise bullet seating and crimping capabilities. To ensure safe and effective use, please read this safety instruction guide thoroughly before using the product.

## General Safety Guidelines

- Ensure safe use of the Seater with Crimp by following these guidelines:
  - Always handle the product with care and respect.
  - Keep the product out of reach of children and vulnerable individuals.
  - Use the product only for its intended purpose.
  - Regularly inspect the product for any signs of wear or damage.
  - Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- To minimize risks while using the Seater with Crimp, please observe the following precautions:
  - Always wear appropriate safety gear, including safety glasses and gloves.
  - Ensure that the work area is clean and free from distractions.
  - Do not exceed the recommended load specifications for the product.
  - Avoid using the product if you are tired or under the influence of drugs or alcohol.
  - Keep hands and loose clothing away from moving parts during operation.
  - Be aware that improper use may lead to inaccurate bullet seating or damage to the product.

## Instructions for Installation and Usage

- Follow these steps to install and use the Seater with Crimp safely:

### 1. Installation:

- Ensure that your reloading press is compatible with the 7/8 thread of the seater.
- Secure the Seater with Crimp firmly onto the reloading press.
- Doublecheck that the seaterhead is properly attached and aligned.

### 2. Usage:

- Prepare your cartridge cases and bullets according to standard reloading practices.
- Insert the bullet into the guide bushing of the seater.
- Adjust the seating depth as required for your specific load.
- If crimping is desired, adjust the crimping feature according to your preferences.
- Slowly and steadily operate the reloading press to seat the bullet.
- Inspect the completed cartridge for proper seating and crimping.

## Disposal Instructions

- Dispose of the Seater with Crimp responsibly:
  - Follow local regulations for the disposal of metal and plastic products.
  - If the product is damaged beyond repair, consider recycling the materials where possible.

- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

- For any questions or concerns regarding the Seater with Crimp, please refer to the manufacturer's website or contact your retailer for assistance.

By following these safety instructions, you can ensure a safe and effective experience with the Seater with Crimp 7/8 Seater with Crimp 2506 Rem. Thank you for your attention to these important safety guidelines.
