

# Seater with Crimp 7/8 - Seater with Crimp 6,5x52 R

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Seater with Crimp 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the Seater with Crimp 7/8. This guide provides essential safety instructions and information for the safe use, installation, and disposal of the product. Please read this document carefully to ensure safe and effective operation.

## General Safety Guidelines

- Always use this product in accordance with the manufacturer's instructions.
- Ensure that the Seater is used in a wellventilated area to avoid inhaling any dust or particles.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the Seater and its components for any signs of wear or damage.
- Do not use the Seater for any purpose other than its intended use.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, while operating the Seater.
- Ensure that the work area is clean and free of clutter to avoid accidents.
- Do not exceed the recommended specifications for bullet seating and crimping.
- Be cautious when replacing the seaterhead; ensure it is securely attached before use.
- Follow all safety guidelines when handling ammunition components.

## Instructions for Installation and Usage

### 1. Installation of the Seater:

- Ensure that your reloading press is compatible with the Seater.
- Securely mount the Seater onto the press using the provided threading (7/8).
- Verify that the Seater is properly aligned and tightened before use.

### 2. Using the Seater:

- Select the appropriate seaterhead based on the bullet type you are using.
- Insert the bullet into the guide bushing of the Seater.
- Adjust the seating depth as necessary according to your specifications.
- If crimping is required, set the crimping feature on the Seater before proceeding.
- Slowly and steadily operate the press to seat the bullet into the cartridge case.
- Inspect the seated bullet for proper alignment and crimp.

### 3. Maintenance:

- Regularly clean the Seater and its components to prevent buildup of residue.
- Store the Seater in a dry and secure location when not in use.

## Disposal Instructions

- Dispose of the Seater and any worn components in accordance with local regulations.
- Do not dispose of any ammunition or reloading components in regular household waste.
- Contact local waste management authorities for guidance on the disposal of hazardous materials.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or maintenance of the Seater with Crimp 7/8, please consult the manufacturer's manual or reach out to your point of purchase for assistance.

By following the guidelines outlined in this document, you can ensure the safe and effective use of your Seater with Crimp 7/8. Thank you for prioritizing safety in your reloading practices.
