Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 7/8

Introduction

Thank you for choosing the Seater with Crimp 7/8. This product is designed to assist you in seating bullets accurately while providing the option to crimp the cartridge case. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always handle the Seater with Crimp 7/8 with care and follow the manufacturer's instructions.
- Ensure that the product is used in accordance with local laws and regulations regarding ammunition and reloading.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage. Do not use if damaged.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the Seater with Crimp 7/8.
- Ensure that your working area is clean, dry, and welllit to prevent accidents.
- Do not exceed the recommended specifications for bullet seating and crimping.
- Avoid distractions while using the product to maintain focus and precision.
- Do not modify the Seater with Crimp 7/8 in any way that alters its intended use or safety features.
- Use only compatible bullet types and sizes as specified by the manufacturer.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is securely mounted and stable.
- Insert the Seater with Crimp 7/8 into the reloading press according to the manufacturer's instructions.
- Adjust the height and position of the seaterhead to accommodate the bullet type you are using.

2. Usage

- Place a cartridge case into the reloading press.
- Insert a bullet into the mouth of the cartridge case.
- Operate the reloading press to seat the bullet firmly into the cartridge case.
- If crimping is desired, adjust the seaterhead to apply the crimp as needed.
- Inspect the completed cartridge for proper seating and crimping before use.

3. Maintenance

- After use, clean the Seater with Crimp 7/8 to remove any residue or debris.
- Store the product in a dry, cool place to prevent corrosion or damage.

Disposal Instructions

- Dispose of the Seater with Crimp 7/8 in accordance with local regulations.
- Do not discard the product in regular household waste.
- Consider recycling options where available to minimize environmental impact.

Contact Information for Further Support

For assistance with the Seater with Crimp 7/8, please refer to the manufacturer's manual or contact your local retailer for support.

By following these safety instructions, you can ensure a safe and effective experience with your Seater with Crimp 7/8. Thank you for prioritizing safety in your reloading practices.
