

# Seater with Crimp 7/8 - Seater with Crimp 6,8mm Rem SPC

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instructions for Seater with Crimp 7/8

## Introduction

Thank you for choosing the Seater with Crimp 7/8. This product is designed to provide precision and reliability for your reloading needs. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- **Product Safety:** Always ensure the safe use of the Seater with Crimp 7/8 in accordance with the guidelines provided.
- **Enhanced Recalls:** Be aware that standardized recall notices may be issued if a safety issue arises. Always check for updates.
- **Online Shopping:** If you purchased this product online, you are entitled to the same safety protections as if you bought it in a physical store.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the product packaging for contact information.
- **Rapid Alerts:** Stay informed about any safety alerts related to this product through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Read the Manual:** Always read the manual thoroughly before using the Seater with Crimp 7/8.
- **Inspect Before Use:** Check the product for any visible damage or defects before use.
- **Use Properly:** Only use the Seater with Crimp 7/8 for its intended purpose as a bullet seating tool.
- **Wear Protective Gear:** Always wear appropriate safety gear, such as safety glasses and gloves, when using this product.
- **Keep Work Area Clean:** Maintain a clean and organized workspace to prevent accidents.
- **Avoid Distractions:** Focus on the task at hand and avoid distractions while using the product.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Attach the Seater with Crimp 7/8 to the reloading press using the provided threading (7/8).
- Make sure it is tightened properly to avoid any movement during use.

### 2. Using the Seater:

- Prepare your cartridge case and bullet.
- Insert the cartridge case into the reloading press.
- Position the bullet in the guide bushing of the seater head.
- Slowly lower the seater head to seat the bullet into the cartridge case. Ensure that the bullet is guided correctly.
- If crimping is required, adjust the seater head to apply a proper crimp to the mouth of the cartridge case.
- Repeat the process for additional rounds as necessary.

### 3. Maintenance:

- After use, clean the Seater with Crimp 7/8 to remove any residue.

- Store the product in a safe and dry location when not in use.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the Seater with Crimp 7/8 becomes damaged beyond repair, dispose of it responsibly, ensuring that it does not pose a hazard to others.

## **Contact Information for Further Support**

For any questions or concerns regarding the Seater with Crimp 7/8, please refer to the product packaging for the appropriate contact details. Your safety and satisfaction are our top priorities.

By following these safety instructions, you can ensure the safe and effective use of the Seater with Crimp 7/8. Thank you for your attention to safety, and happy reloading!
