

# Seater with Crimp 7/8 - Seater with Crimp 7x65 R

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 7/8

## Introduction

Thank you for choosing the Seater with Crimp 7/8. This product is designed for precision bullet seating and crimping, enhancing your reloading experience. It is important to follow these safety instructions to ensure safe and effective use of the product.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Store the product in a dry, cool place away from direct sunlight.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the Seater with Crimp.
- Ensure that the work area is clean and free from distractions to maintain focus while using the product.
- Do not exceed the recommended specifications for bullet types and cartridge cases.
- Always ensure that the bullet is seated properly before crimping to avoid misfires or accidents.
- Avoid using the product if you are fatigued or under the influence of substances that may impair your judgment.

## Instructions for Installation and Usage

### 1. Installation of the Seater with Crimp:

- Ensure that your reloading press is securely mounted and stable.
- Attach the Seater with Crimp to the reloading press using the 7/8 thread.
- Tighten the connection securely, but avoid overtightening which may damage the threads.

### 2. Using the Seater with Crimp:

- Select the appropriate seaterhead for the bullet you are using to improve concentricity.
- Place the cartridge case in the shell holder of your reloading press.
- Insert the bullet into the case mouth.
- Pull the handle of the reloading press to seat the bullet. Ensure that the bullet is guided by the bushing for accuracy.
- If crimping is desired, adjust the seaterhead to apply a crimp to the mouth of the cartridge case.
- Inspect the finished cartridge to ensure proper seating and crimping.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling guidelines.
- If the product is damaged or no longer usable, follow local regulations for the disposal of metal and plastic components.

## Contact Information for Further Support

For any inquiries regarding the Seater with Crimp 7/8, please refer to the manufacturer's contact details provided in the product manual. Ensure you have the product details ready for efficient assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Seater with Crimp 7/8. Always prioritize safety and compliance with local and EU regulations.
