

# Seater with Crimp 7/8 - Seater with Crimp 7x75 R SE v.H

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 7/8

## Introduction

Thank you for choosing the Seater with Crimp 7/8. This guide provides important safety information and instructions to ensure the safe use of the product. Please read this document carefully before using the Seater to understand its features and safety precautions.

## General Safety Guidelines

- Ensure that the Seater is used only for its intended purpose.
- Always follow the manufacturer's instructions regarding installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the Seater for any signs of wear or damage.
- If you notice any defects, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the Seater.
- Ensure that the workspace is clean and welllit to avoid accidents.
- Use the Seater only with compatible bullet types as specified in the manual.
- Avoid using excessive force when seating the bullet to prevent damage to the Seater or cartridges.
- Do not modify or alter the Seater in any way, as this can compromise safety and performance.

## Instructions for Installation and Usage

### 1. Installation:

- Place the Seater securely on a stable surface.
- Ensure that the Seaterhead is properly attached. If changing the head, follow the manufacturer's instructions for proper attachment.
- Check that all components are correctly aligned before use.

### 2. Usage:

- Insert the cartridge case into the Seater.
- Position the bullet in the guide bushing.
- Slowly and steadily push down on the handle to seat the bullet.
- If crimping is desired, adjust the settings as per the manual instructions.
- After use, clean the Seater to remove any debris or residue.

## Disposal Instructions

- Dispose of the Seater in accordance with local regulations.
- Do not dispose of in regular household waste if it contains hazardous materials.
- Contact local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the Seater with Crimp 7/8, please refer to the manufacturer's contact information provided in the product packaging or manual.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the Seater with Crimp 7/8. Always prioritize safety and consult the manual for further details. Thank you for your attention to these important safety measures.
