Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

NO IMAGE  
AVAILABLE

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Seater with Crimp 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the Seater with Crimp 7/8 for your reloading needs. This product is designed to provide you with a reliable and accurate method for seating bullets in cartridge cases. Please read and follow these safety instructions carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always handle the Seater with Crimp 7/8 with care and respect.
- Ensure that the product is used in a wellventilated area.
- Keep the product out of reach of children and unauthorized users.
- Use the product only for its intended purpose as specified in this manual.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or product defects to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the Seater with Crimp 7/8.
- Ensure that the bullet seating operation is performed on a stable and secure surface.
- Do not exceed the recommended bullet seating specifications provided in the manual.
- Avoid using the product if you are under the influence of drugs or alcohol.
- Be cautious of sharp edges and moving parts during operation.
- Follow all local laws and regulations regarding ammunition reloading and usage.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the Seater with Crimp 7/8 is compatible with your reloading press.
- Securely attach the seaterhead to the reloading press using the 7/8 thread.
- Check that the seaterhead is properly aligned and tightened before use.

### 2. Usage

- Prepare your cartridge cases and bullets according to your reloading specifications.
- Insert the bullet into the cartridge case and position it under the seaterhead.
- Engage the reloading press to seat the bullet. Ensure that the bullet is seated to the correct depth.
- If crimping is desired, adjust the crimping mechanism accordingly and apply a firm, even pressure to crimp the mouth of the cartridge case.
- Inspect the finished cartridge for proper seating and crimping.

### 3. Maintenance

- Regularly clean the Seater with Crimp 7/8 to prevent buildup of debris and ensure smooth operation.
- Store the product in a dry and safe location when not in use.

## Disposal Instructions

- Dispose of any unusable or damaged components of the Seater with Crimp 7/8 in accordance with local regulations.

- Ensure that all hazardous materials are disposed of properly to prevent environmental contamination.

## **Contact Information for Further Support**

For further assistance or inquiries regarding the Seater with Crimp 7/8, please refer to the manufacturer or the retailer from whom you purchased the product. They can provide you with additional support and information.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the Seater with Crimp 7/8. Thank you for your attention to safety and for choosing our product.
