

Seater with Crimp 7/8 - Seater with Crimp 284 Win

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instructions for Seater with Crimp 7/8

Introduction

Thank you for choosing the Seater with Crimp 7/8. This product is designed for precision bullet seating and crimping. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information about the safe handling, installation, and usage of the product, as well as guidelines for disposal.

General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Ensure that the product is used in a well-ventilated area.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Do not attempt to modify or repair the product yourself. Contact a qualified technician if repairs are needed.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the product.
- Be aware of your surroundings and ensure that no one is in close proximity when using the product.

Specific Safety Precautions for Use

- Ensure that the bullet seating operation is performed on a stable surface to prevent accidents.
- Always double-check that the seaterhead is properly attached before use.
- Avoid placing your fingers near the seaterhead when operating the product.
- Use the crimping feature only when necessary and ensure that it is properly adjusted for the cartridge being used.
- Store the product in a dry place to prevent corrosion and ensure longevity.
- Dispose of any used components or materials according to local regulations.

Instructions for Installation and Usage

1. Unboxing and Inspection

- Carefully remove the Seater with Crimp 7/8 from the packaging.
- Inspect the product for any visible damage or missing parts.

2. Installation

- Securely attach the seater to your reloading press according to the manufacturer's guidelines.
- Ensure that the thread (7/8) is properly aligned and tightened to prevent movement during operation.

3. Loading the Bullet

- Place the bullet into the guide bushing of the seater.
- Ensure that the bullet is seated straight and aligned with the cartridge case.

4. Seating the Bullet

- Operate the reloading press to seat the bullet into the cartridge case.
- Monitor the process to ensure proper seating depth is achieved.

5. Crimping (if applicable)

- If crimping is desired, adjust the crimping mechanism according to the specifications of the cartridge.
- Perform the crimping operation carefully to avoid damaging the bullet or cartridge case.

6. PostOperation Care

- After use, clean the seater to remove any residue.
- Store the product in a safe and dry location.

Disposal Instructions

- Dispose of the Seater with Crimp 7/8 according to local waste disposal regulations.
- Do not dispose of the product in household waste. Check for specialized recycling facilities for metal components.
- Ensure that any hazardous materials are disposed of in accordance with local guidelines.

Contact Information for Further Support

For any inquiries regarding safety, usage, or technical support, please refer to the manufacturer's contact details provided in the product manual or on their official website.

By following these safety instructions, you can ensure a safe and effective experience with your Seater with Crimp 7/8. Always prioritize safety and adhere to the guidelines provided.
