Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 7/8

Introduction

Thank you for choosing the Seater with Crimp 7/8. This product is designed for precise bullet seating and crimping, ensuring enhanced accuracy for your reloading needs. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle the Seater with Crimp 7/8 with care to avoid accidents.
- Ensure that the product is used only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper handling may lead to injury.
 - The product contains small parts that can pose choking hazards.
- **Use Protective Gear:**
 - Always wear safety glasses when operating the Seater with Crimp 7/8.
 - Consider wearing gloves to protect your hands from sharp edges.
- **Safe Environment:**
 - Use the product in a wellventilated area.
 - Ensure that the workspace is clean and free from distractions.
- **Proper Training:**
 - Only individuals who are trained in reloading and using bullet seaters should operate this product.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure that the reloading press is turned off and unplugged.
 2. Attach the Seater with Crimp 7/8 to the reloading press using the 7/8 thread.
 3. Secure the seaterhead in place, ensuring it is tightly fitted.
- **Usage:**
 1. Prepare your cartridge cases according to standard reloading procedures.
 2. Insert the bullet into the cartridge case.
 3. Adjust the seaterhead as necessary for the bullet type you are using.
 4. Operate the reloading press to seat the bullet.
 5. If crimping is required, adjust the crimping feature accordingly and proceed with crimping the cartridge case mouth.
- **PostUse:**
 - After use, clean the Seater with Crimp 7/8 to remove any debris.
 - Store the product in a dry place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the Seater with Crimp 7/8 in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options for metal components if available.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the contact information provided with your product packaging or in the manual.

By following these safety instructions, you can ensure a safe and effective experience with your Seater with Crimp 7/8. Thank you for prioritizing safety and compliance with the EU GPSR.
