

# Seater with Crimp 7/8 - Seater with Crimp 7,65x53 Arg

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instructions for Seater with Crimp 7/8

## Introduction

Thank you for choosing the Seater with Crimp 7/8. This product is designed for precision bullet seating and crimping, ensuring a reliable and accurate reloading process. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the Seater with Crimp 7/8 in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean, dry, and welllit to prevent accidents.
- Keep the product out of reach of children and vulnerable individuals.
- Wear appropriate safety gear, including safety glasses and gloves, when handling components.
- Regularly inspect the Seater for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware of potential hazards such as sharp edges and moving parts during operation.
- **Proper Handling:** Always handle the bullet and cartridge components with care to avoid injury.
- **Crimping Caution:** When using the crimp function, ensure that the cartridge is properly aligned to prevent misfires or damage.
- **Age Restrictions:** This product is not intended for use by individuals under the age of 18 without adult supervision.
- **Training:** Ensure that all users are trained in the proper use of reloading equipment and understand the risks involved.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the Seater is mounted securely on a stable reloading press.
- Attach the correct seaterhead for the bullet type you are using, following the manufacturer's guidance.
- Check that all components are tightened and secure before starting.

### 2. Usage:

- Place the cartridge case in the shell holder and ensure it is seated properly.
- Insert the bullet into the case mouth, ensuring it is aligned correctly.
- Operate the reloading press to seat the bullet into the case. If using the crimp function, ensure the crimping die is set to the desired depth.
- Inspect the completed cartridge for proper seating and crimping before use.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of cartridges or components in regular household waste.
- Follow local guidelines for the safe disposal of hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Seater with Crimp 7/8. Thank you for prioritizing safety in your reloading practices.
