Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 7/8

## Introduction

Thank you for choosing the Seater with Crimp 7/8. This product is designed to enhance your reloading experience with precision and safety. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always follow the manufacturer's instructions for use and maintenance.
- Ensure that the work area is clean, welllit, and free from distractions.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Do not use the product for any purpose other than its intended use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the product.
- Ensure that all components are properly assembled before use.
- Do not exceed the recommended load limits as specified by the manufacturer.
- Avoid distractions while using the product to maintain focus and precision.
- Be aware of your surroundings and ensure that others are at a safe distance while operating the product.
- If you experience any unusual noise or malfunction during use, stop immediately and inspect the product.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your work surface is stable and secure.
- Attach the seaterhead securely to the press according to the manufacturer's instructions.
- Verify that the thread size (7/8) matches your press specifications.
- Adjust the seating depth as necessary for your specific bullet type.

### 2. Usage

- Place the cartridge case in the press and ensure it is properly aligned.
- Insert the bullet into the cartridge case.
- Operate the press to seat the bullet. Ensure that the bullet is seated to the desired depth.
- If crimping is required, adjust the crimping feature according to the manufacturer's guidelines.
- After use, clean the product to maintain its performance and longevity.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**
