

Seater with Crimp 7/8 - Seater with Crimp 30-30 Win

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Seater with Crimp 7/8 Safety Instruction Guide

Introduction

Thank you for choosing the Seater with Crimp 7/8 for your reloading needs. This product is designed to ensure precise bullet seating while providing the option to crimp the mouth of the cartridge case. This safety instruction guide is intended to help you use the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage to the product.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the Seater with Crimp 7/8 only with compatible cartridge cases and bullets.
- Ensure that the workspace is clean and free of obstructions before starting.
- Wear appropriate safety gear, such as safety glasses and gloves, while handling the product.
- Avoid any distractions during the reloading process to maintain focus.
- Do not exceed the recommended load limits for the cartridges being used.
- Always inspect the bullet and cartridge before seating to ensure they are free from defects.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Attach the Seater with Crimp 7/8 to the press by threading it into the appropriate die station.
- Adjust the seating depth according to the specifications of the bullet being used.

2. Usage:

- Place the cartridge case in the shell holder of the reloading press.
- Insert the bullet into the mouth of the cartridge case.
- Operate the reloading press to seat the bullet firmly in place.
- If crimping is desired, adjust the crimping feature and operate the press again to secure the bullet.
- Regularly check for proper seating and crimping after several uses to ensure consistent performance.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle packaging materials whenever possible.
- Do not dispose of the product in regular household waste; follow local disposal guidelines for hazardous materials if applicable.

Contact Information for Further Support

For further support, please refer to the product manual or contact the manufacturer directly. Ensure that you have the product details ready for any inquiries.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective reloading experience with the Seater with Crimp 7/8.
