

# Seater with Crimp 7/8 - Seater with Crimp 8x64 S

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 7/8

## Introduction

Thank you for choosing the Seater with Crimp 7/8. This product is designed for precision bullet seating and crimping, contributing to improved accuracy in your reloading process. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean, welllit, and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper use may lead to personal injury or damage to the product.
- Ensure that the bullet seating and crimping process is performed correctly to avoid accidents.

- **Avoiding Hazards:**

- Do not exceed the recommended specifications for bullet types and cartridge cases.
- Always wear appropriate safety gear, including eye protection, when using the product.
- Handle all components of the reloading process with care to prevent accidental discharge.
- Ensure the product is securely mounted and stable during operation.

- **Age Restrictions:**

- This product is intended for use by individuals who are 18 years of age or older. Ensure that minors are supervised if they are present during use.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure the workspace is clean and free of any obstructions.
2. Securely mount the seater on a stable reloading press according to the manufacturer's instructions.
3. Check that the seaterhead is properly attached and tightened.

- **Usage:**

1. Select the appropriate bullet and cartridge case for your reloading needs.
2. Insert the bullet into the guide bushing of the seater.
3. Operate the reloading press to seat the bullet to the desired depth.
4. If crimping is required, adjust the seaterhead as per the manufacturer's instructions and apply the crimp.

5. Inspect the completed cartridge to ensure proper seating and crimping.

- **Maintenance:**

- Regularly clean the seater to remove any debris or residue.
- Store the product in a dry place to prevent corrosion or damage.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, refer to local waste management guidelines for proper disposal.

## **Contact Information for Further Support**

For additional support or inquiries regarding safety and usage, please refer to the contact information provided in the product manual or on the manufacturer's website.
