Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

NO IMAGE  
AVAILABLE

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

## Attributes

- Name: [Seater with Crimp 8x65 RS](#)
- Manufacturer: [TRIEBEL](#)
- Product no.: EU2012916

# Seater with Crimp 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the Seater with Crimp 7/8. This guide provides essential safety instructions and operational guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the device.

## General Safety Guidelines

- Always use the Seater with Crimp 7/8 in accordance with the manufacturer's instructions.
- Ensure that the work area is clean and free of obstructions.
- Keep the device out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the device.
- Regularly inspect the Seater with Crimp for any signs of wear or damage before use.
- Do not attempt to modify or repair the Seater with Crimp yourself. Contact a qualified technician for assistance.

## Specific Safety Precautions for Use

- Ensure the bullet is properly seated in the guide bushing before proceeding.
- Do not exceed the recommended crimping force as this may damage the cartridge case or the Seater.
- Avoid placing hands near moving parts during operation to prevent injury.
- Always use the correct seater head for the bullet type being used to maintain accuracy and safety.
- If you experience any unusual noise or resistance during operation, stop immediately and inspect the device.

## Instructions for Installation and Usage

### 1. Installation

- Securely mount the Seater with Crimp 7/8 to a stable work surface.
- Ensure that the device is properly aligned and that all components are securely fastened.

### 2. Usage

- Select the appropriate seater head for your bullet type.
- Insert the bullet into the guide bushing carefully.
- Adjust the crimping mechanism to your desired setting.
- Activate the seater to seat the bullet. Monitor the process to ensure proper operation.
- After seating, check the bullet for proper alignment and crimping.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the Seater with Crimp is no longer usable, take it to a designated recycling center or follow local disposal guidelines for electronic waste.

## Contact Information for Further Support

For any inquiries regarding safety, operation, or maintenance of the Seater with Crimp 7/8, please refer to the manufacturer's contact details provided in the product manual.

## Conclusion

Following these safety instructions will help ensure a safe and effective experience with the Seater with Crimp 7/8. Always prioritize safety and consult the manual for further information regarding the use and maintenance of this product. Thank you for your attention to these guidelines.
