

Seater with Crimp 7/8 - Seater with Crimp 350 Mag Rigby

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 7/8 Seater with Crimp 350 Mag Rigby

Introduction

Thank you for purchasing the Seater with Crimp 7/8 Seater with Crimp 350 Mag Rigby. This product is designed to enhance your reloading experience by ensuring accurate bullet seating. It is important to follow the safety instructions outlined in this guide to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the product manual before use.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of damage or wear.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the work area is clean and free of obstructions.
- Wear appropriate personal protective equipment, such as safety glasses and gloves.
- Do not exceed the recommended load specifications for the bullets you are using.
- Always ensure that the cartridge case is properly positioned before seating the bullet.
- Avoid distractions while using the product to maintain focus and safety.
- If you experience any difficulties or irregularities during use, stop immediately and consult the manual or seek assistance.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is securely mounted and stable.
- Attach the bullet seater to the press using the 7/8 thread provided.
- Confirm that the seaterhead is properly secured and aligned.

2. Usage

- Select the appropriate seaterhead based on the bullet you are using.
- Place the cartridge case in the designated position on the reloading press.
- Adjust the seating depth as per the specifications for the bullet being used.
- Slowly operate the press to seat the bullet into the cartridge case.
- If crimping is desired, adjust the crimping feature accordingly and proceed with the crimping process.
- Inspect the finished cartridge for proper seating and crimping before use.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local authorities for recycling or hazardous waste disposal options.

Contact Information for Further Support

For further assistance or inquiries regarding safety and usage, please refer to the product manual or contact the manufacturer directly.

By following these safety instructions, you will ensure a safer and more effective reloading experience with your Seater with Crimp 7/8 Seater with Crimp 350 Mag Rigby. Thank you for your attention to safety.
