

# Seater with Crimp 7/8 - Seater with Crimp 9,3x74 R

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 7/8 and 9,3x74 R

## Introduction

Thank you for choosing the Seater with Crimp 7/8 and 9,3x74 R. This product is designed for precise bullet seating and crimping, ensuring accuracy and reliability. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that you are familiar with the product before use.
- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of wear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety equipment, such as safety glasses and gloves, when using the product.
- Do not exceed the recommended specifications for bullet seating and crimping.
- Ensure that the workspace is clean, dry, and free from distractions.
- Avoid using the product if you are tired or under the influence of drugs or alcohol.
- Be cautious of sharp edges and moving parts when operating the seater.
- Follow all local regulations regarding the handling and use of ammunition components.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the seater is compatible with your reloading press.
- Securely attach the seater to the press according to the manufacturer's instructions.
- Check that the seaterhead is properly installed and tightened.

### 2. Usage:

- Prepare the cartridge case and bullet according to standard reloading procedures.
- Adjust the seaterhead for the desired bullet seating depth.
- If using the crimp feature, adjust the crimping mechanism as required.
- Carefully insert the bullet into the cartridge case and position it under the seater.
- Operate the reloading press to seat the bullet and, if applicable, crimp the cartridge case.
- Inspect the finished cartridge for proper seating and crimping.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of ammunition components in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Seater with Crimp 7/8 and 9,3x74 R, please refer to the manufacturer's manual or contact the authorized distributor for assistance. Make sure to have the product details on hand when seeking support.

Thank you for prioritizing safety while using the Seater with Crimp 7/8 and 9,3x74 R. Your adherence to these guidelines will help ensure a safe and effective reloading experience.
