

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 5,6x57

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater User Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 7/8 and BenchRestSeater 5,6x57. This product is designed to provide you with the highest precision in seating match bullets. It is essential to understand and follow the safety guidelines to ensure safe and effective use of this product.

General Safety Guidelines

- Always read and understand the user manual before using the product.
- Ensure that you are using the BenchRestSeater in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose as specified in the manual.
- Regularly inspect the BenchRestSeater for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the BenchRestSeater.
- Ensure that the workspace is clean and free of clutter to prevent accidents.
- Do not exceed the recommended specifications for the product, including the type of bullets used.
- Avoid using the BenchRestSeater if you are under the influence of drugs or alcohol.
- Use caution when handling cartridges and bullets to avoid accidental discharge.
- Ensure that the seaterhead is correctly attached before beginning the seating operation.

Instructions for Installation and Usage

1. Installation:

- Ensure that the work surface is stable and secure before installing the BenchRestSeater.
- Attach the BenchRestSeater to the work surface using the provided mounting hardware.
- Select the appropriate seaterhead based on the bullet type you will be using.
- Secure the seaterhead in place according to the instructions in the manual.

2. Usage:

- Place the cartridge case into the guide sleeve of the BenchRestSeater.
- Ensure that the cartridge case is properly aligned for optimal axial guidance.
- Insert the bullet into the seaterhead and ensure it is seated correctly.
- Apply steady pressure to the seating mechanism until the bullet is fully seated.
- Remove the seated cartridge from the BenchRestSeater and inspect for concentricity.
- Repeat the process for additional cartridges as needed.

Disposal Instructions

- Dispose of any damaged or worn components of the BenchRestSeater responsibly.
- Follow local regulations for the disposal of nonhazardous materials.
- Recycle packaging materials when possible to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the user manual or contact the manufacturer directly through the provided contact methods in the manual.

By following these safety instructions, you can ensure a safe and efficient experience with your BenchRestSeater. Thank you for prioritizing safety and precision in your reloading activities.
