

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 222 Rem Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 7/8 BenchRestSeater 222 Rem Mag Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 7/8 BenchRestSeater 222 Rem Mag. This product is designed to provide the highest precision in seating match bullets. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always ensure that the BenchRestSeater is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals to avoid accidents.
- Inspect the product for any damage or wear before each use. Do not use if damaged.
- Ensure that your workspace is clean, organized, and free from distractions.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Be aware of your surroundings and ensure that no one is in the vicinity when using the seater.

Specific Safety Precautions for Use

- Ensure that the cartridge case is properly aligned before seating the bullet to avoid misfires or jams.
- Use only the recommended types of seaterheads for the bullets you are using to improve concentricity and safety.
- Do not exceed the recommended load specifications when using the seater.
- Always follow local laws and regulations regarding the handling and use of ammunition components.
- Never attempt to modify or alter the BenchRestSeater in any way.

Instructions for Installation and Usage

1. Setup:

- Place the BenchRestSeater on a stable and flat surface.
- Ensure that the guide sleeve is clean and free from debris.

2. Installation:

- Select the appropriate seaterhead based on the bullet type you are using.
- Carefully attach the seaterhead to the seater body according to the manufacturer's instructions.

3. Seating Process:

- Insert the cartridge case into the guide sleeve, ensuring it is properly seated.
- Place the bullet into the cartridge case.
- Slowly and steadily press down on the seater handle to seat the bullet. Ensure that the bullet is guided properly for perfect concentricity.

4. PostUse:

- After use, clean the BenchRestSeater to remove any residue or debris.
- Store the product in a safe, dry place away from children and unauthorized users.

Disposal Instructions

- Dispose of any unused or damaged components according to local regulations.
- Recycle packaging materials where possible to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or support regarding the BenchRestSeater, please refer to the contact details provided in the product manual or packaging. It is important to have an EUbased contact for any safetyrelated questions.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the BenchRestSeater 7/8 BenchRestSeater 222 Rem Mag. Thank you for your attention to safety, and enjoy your precision seating experience.
