

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 224 Valkyrie

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 7/8 BenchRestSeater 224 Valkyrie Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 7/8 BenchRestSeater 224 Valkyrie. This product is designed to provide high precision in seating match bullets, ensuring optimal performance for your reloading needs. To ensure the safe and effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle the BenchRestSeater with care.
- Ensure that your work area is clean and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear or damage before use.
- If you notice any defects, discontinue use immediately and contact customer support.
- Follow all local regulations regarding the handling and storage of ammunition components.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety glasses and gloves when operating the seater to protect against potential injuries.
- **Bullet Runout:** Be aware of the importance of bullet runout and ensure that you are using the correct seater head for your bullets to improve concentricity.
- **Axial Guidance:** Ensure that the cartridge case is properly inserted into the guide sleeve to receive perfect axial guidance during the seating operation.
- **Replaceable SeaterHead:** Only use seaterheads that are compatible with your BenchRestSeater. Refer to the manual for a list of compatible heads.
- **Workspace Safety:** Keep your workspace organized and free of unnecessary tools and materials to prevent accidents.

Instructions for Installation and Usage

1. Installation:

- Securely attach the BenchRestSeater to a stable reloading bench.
- Ensure that the seaterhead is properly installed and tightened according to the manufacturer's instructions.
- Check that the guide sleeve is clean and free of debris before use.

2. Usage:

- Insert the cartridge case into the guide sleeve.
- Place the bullet into the seaterhead.
- Gently pull the handle to seat the bullet into the cartridge case.
- Check the concentricity of the seated bullet to ensure optimal performance.
- If necessary, adjust the seaterhead according to the instructions provided in the manual for improved results.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the product is no longer in use, dispose of it responsibly. Consider recycling parts of the product where

possible.

- Do not dispose of any components in a manner that could pose a hazard to the environment.

Contact Information for Further Support

For additional assistance or to report any safety concerns, please refer to the contact information provided in the product manual. It is important to address any issues promptly to ensure your safety and the proper functioning of the product.

By following these guidelines, you can ensure a safe and effective experience with your BenchRestSeater 7/8 BenchRestSeater 224 Valkyrie. Thank you for your attention to safety, and happy reloading!
