

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 224 Wea Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 7/8 BenchRestSeater 224 Wea Mag Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 7/8 BenchRestSeater 224 Wea Mag. This product is designed for precision seating of match bullets, ensuring optimal performance and accuracy. To ensure safe and effective use of this product, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure that the BenchRestSeater is used in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate safety equipment, including eye protection, when using this product.
- Regularly inspect the BenchRestSeater for any signs of wear or damage before each use.
- If you notice any defects or malfunctions, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Always follow the manufacturer's instructions when using the BenchRestSeater.
- Ensure that the cartridge case is correctly positioned in the guide sleeve before seating the bullet.
- Do not apply excessive force during the seating operation, as this may lead to misalignment or damage.
- Store the BenchRestSeater in a dry and secure location when not in use.
- Be aware of the potential for lead exposure when handling bullets; wash your hands thoroughly after use.

## Instructions for Installation and Usage

### 1. Installation:

- Unpack the BenchRestSeater and ensure all components are included.
- Attach the seaterhead of your choice securely to the main unit.
- Check that the thread size (7/8) is compatible with your loading equipment.

### 2. Usage:

- Place the cartridge case into the guide sleeve, ensuring it is seated correctly.
- Insert the bullet into the seaterhead.
- Slowly and steadily push down on the handle to seat the bullet into the cartridge case.
- Monitor the alignment of the bullet and cartridge case throughout the process to ensure concentricity.
- After seating, remove the completed cartridge from the BenchRestSeater.

### 3. Maintenance:

- Clean the BenchRestSeater after each use to remove any debris or residue.
- Inspect the seaterhead regularly and replace it if signs of wear are evident.
- Refer to the manual for further instructions on selecting accessories and spare parts.

## Disposal Instructions

- Dispose of any defective or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, take it to a designated recycling facility or hazardous waste disposal site.

- Ensure that all packaging materials are recycled or disposed of responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRestSeater, please refer to the manufacturer's contact information provided in the product manual or on the official website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your BenchRestSeater. Always prioritize safety and compliance with the EU General Product Safety Regulation (GPSR) to protect yourself and others. Thank you for your attention to these important guidelines.
