

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6x70 R

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 7/8 Safety Instructions

## Introduction

Thank you for choosing the BenchRestSeater 7/8. This product is designed for precision seating of match bullets and ensuring the highest accuracy in your reloading processes. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure that the BenchRestSeater is used only as intended and according to the manufacturer's instructions.
- Always wear appropriate safety gear, such as safety glasses and gloves, when using this product.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the BenchRestSeater for any signs of wear or damage before each use.
- In case of any malfunction or damage, discontinue use immediately and consult the manufacturer.
- Follow all local regulations regarding the use and handling of ammunition components.

## Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications when using the BenchRestSeater.
- Ensure that the cartridge case is properly aligned in the guide sleeve before seating the bullet.
- Avoid using damaged or deformed bullets, as they may affect accuracy and safety.
- Always handle ammunition components with care to prevent accidental discharge.
- Store the BenchRestSeater in a dry, secure location when not in use to prevent damage and unauthorized access.
- Be aware of your surroundings and ensure that no one is in close proximity while using the BenchRestSeater.

## Instructions for Installation and Usage

### 1. Installation

- Place the BenchRestSeater on a stable, flat surface.
- Ensure that the seaterhead is securely attached before use.
- Select the appropriate seaterhead for the bullet you are using to enhance concentricity.

### 2. Usage

- Insert the cartridge case into the guide sleeve, ensuring it is properly seated.
- Align the bullet with the cartridge case and gently push it into the seating position.
- Apply steady pressure to the seaterhead to ensure proper seating of the bullet.
- Remove the completed cartridge from the BenchRestSeater and inspect for proper seating and alignment.

## Disposal Instructions

- Dispose of any defective or damaged components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of ammunition components in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRestSeater 7/8, please refer to the manufacturer's manual or website for additional support and resources.

Thank you for prioritizing safety while using the BenchRestSeater 7/8. Enjoy your reloading experience!
