

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6mm PPC

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 7/8 and 6mm PPC Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 7/8 and 6mm PPC. This product is designed to provide the highest precision in seating match bullets. It is essential to follow the safety guidelines and instructions provided in this manual to ensure safe and effective use.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the BenchRestSeater is used in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of wear or damage before use.
- Do not use the product if it is damaged or malfunctioning.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the cartridge case is correctly positioned in the guide sleeve before starting the seating operation.
- Use the appropriate seater head for the bullet type to improve concentricity and ensure safe operation.
- Avoid excessive force during the seating process to prevent accidents or damage to the product.
- Always wear appropriate safety gear, such as safety glasses, when operating the BenchRestSeater.
- Do not leave the product unattended while in use.
- Follow all local laws and regulations regarding the handling and use of ammunition and reloading equipment.

## Instructions for Installation and Usage

### 1. Installation:

- Place the BenchRestSeater on a stable, flat surface.
- Ensure that the seater head is securely attached before use.
- Select the correct seater head based on the bullet type you will be using.

### 2. Usage:

- Load the cartridge case into the guide sleeve, ensuring it is seated correctly.
- Insert the bullet into the seater head.
- Carefully push down on the handle to seat the bullet into the cartridge case.
- Monitor the process to ensure that the bullet is seated evenly and without excessive force.
- After use, remove the cartridge and inspect it for proper seating and concentricity.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic and mechanical waste.
- Do not dispose of the product in regular household waste.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the contact information provided with your product or visit the manufacturer's website.

By following these guidelines, you can ensure a safe and effective experience with your BenchRestSeater 7/8 and 6mm PPC. Thank you for your attention to safety and compliance.
